JULIAN BYRD

The exceedingly dry weather and lack of water has emphasized the great necessity of taking care of the waste water that comes down during the spring flood. Several places are now suffering from lack of moisture and thousands of acres more could be irrigated by proper control of the water during the early season.

An Oregon shingle mill in Tillamook County worked 33 days on one mammoth cedar log, cutting from it 141,000 shingles. This is almost unbelievable to people not familiar with the Pacific Coast, where big trees and vast timber resources are accepted quite as a matter of course.

Will the government be as rigid in conducting its big suit against the Southern Pacific as it was in prosecuting eastern Oregon ranchers?—East Oregonian.

## THE BIG CELEBRATION

The posters are out for the big celebration during the week of July 4 in Burns and arrangements are progressing quite satisfactorily. It is possible that the Prairie City team will be here to compete for the baseball purse. The boys are now negotiating and may come to terms in a short time. The local team had a proposition from Drewsey to play there on June 19 against the Agency team and would have accepted it if Drewsey would furnish a team for the 4th here, but this they refused to do as they are going to celebrate there. However, it is yet possible that the Burns team will go to Drewsey. The Prairie City aggregation want a good deal of money and it would require some change in the program to meet it, although it may be arranged.

More committees have been added to look after details of the celebration and it is the intention to have some street sports for juveniles at some time during the week. The parade is in charge of J. J. Donagan, Harry C. Smith and A. K. Richardson. The music committee appointed is Julian Byrd, M. A. Biggs, Mrs. Wm. Farre and Mrs. C. A. Rembold. On street sports Homer Reed, Geo. Young and W. O. White. Another feature that will prove an attraction is the confetti battle in the evening.

## DIASTROUS CONFLAGRATION.

HORTON & SAYER SAW MILL BURNS THURSDAY AFTERNOON.

Entire Milling Plant including 500,000 Feet of Lumber & Total Loss—Damage Will Exceed \$30,000 to Owners.

One of the most disastrous fires in the history of Harney county occurred last Thursday afternoon when the big saw mill of Horton & Sayer together with 700,000 or 800,000 feet of lumber was entirely destroyed entailing a loss to the owners of over \$30,000. The fire started in the roof of the mill by sparks from the smoke stack of the engine and gained headway so rapidly that nothing could be saved. It took the entire mill and machinery together with blacksmith shop, Mr. Sayer's house and office, planer and all but a few thousand feet of lumber that was stacked some distance down the canyon. The bunk house cook house and some small barns were all that escaped.

None of the mill people have been down and as there is no telephone no authentic estimate of the loss can be secured at this time, but those who are familiar with the plant say it is at least \$30,000.

John Cessler and Dan Harkey came by the scene of the fire yesterday morning and Mr. Cessler said that John Sayer Jr. stated that all the machinery is a wreck and nothing can be used again. The big boiler is warped all out of shape from the intense heat and even the big hewn timbers under the mill have burned to ashes. We understand there was no insurance.

This is not only a great loss to Messrs. Horton and Sayer but to the entire country. It will seriously cripple improvements and development for this season as new settlers are coming in rapidly and improving their places, besides much improvement is going on in Burns and surrounding country. It is a loss hard to estimate and one that effects the entire country.

No doubt the mill will be rebuilt but the machinery cannot be gotten in and installed before fall and therefore the entire season is lost.

## CELEBRATE ADVENT OF S. V.

The Burns Commercial club has received an invitation from Prairie City to be present and participate in the celebration of the arrival of the Sumpter Valley Railway which will be completed to that place on June 16. Preparations are being made to have a big celebration and several commercial clubs will take part, especially from Baker City and other near by places.

A delegation will go from this place in autos, Hon. Frank Davey being selected as spokesman to represent this section. We have not received the program so do not know who will drive the golden spike, but no doubt the new terminal city will show her visitors a good time.

Game Warden Hibbard is up from Lawen, having come in to meet State Game Warden Stevenson.

W. L. Best is in from Silver creek and is still navigating with the aid of crutches owing to a broken bone in his ankle sustained several weeks ago. He says it is improving and will soon be all right again.
